About Me

My name is Christy, and I am a floater at OCC. I primarily work in the infant rooms but can help wherever I'm needed. I have two daughters, a 15-year-old and a 9-year-old. I was a stay-at-home mom for 10 years, and as my daughters got older, I realized how much I missed those first precious years. It fills my heart to be able to spend time with younger children again.

I especially love seeing the excitement when babies start reaching their milestones. Watching children grow, explore, and discover new things brings me so much joy every day.

Educational Experience

I graduated from high school in 1997 in Urbana, Missouri. In 2015, I began pursuing a Bachelor's degree in Education at Collin College in McKinney, Texas. After relocating to Brookfield for my husband's career, I transferred to MATC in 2018 to continue my studies. In 2019, I paused my coursework to focus on supporting my children with online learning, gaining valuable experience in managing education at home while balancing family responsibilities.
