

# Meet the TEACHER

## About Me

My name is Ms. Jennifer, and I have been with OCC since 2025. I live with my sister and our two dogs, who keep life fun and lively at home. I am passionate about learning and growing in the field of Early Childhood Education, and I am excited to continue expanding my knowledge and skills.

I truly enjoy creating engaging and meaningful experiences for the children in my care, whether it's through hands-on activities, exploring new concepts, or fostering social and emotional growth.

Every day presents an opportunity to learn alongside the children, and I take great joy in watching them discover, play, and grow.

Being part of OCC has been an incredible experience, and I look forward to continuing my journey as an educator while supporting each child's unique development.

## Educational Experience

I received my degree in Communications from UWM. However, I have discovered my passion for Early Childhood so I started taking my required courses through the Registry.

I am now trained in Introduction to the Childcare Profession, Fundamentals of Infant and Toddler Care, as well as Skills & Strategies for the Childcare Teacher.

I look forward to spending time with, as well as supporting your child as they continue to grow!

## First Day at OCC

## December 9, 2025
