### About Me

Hello! I'm Miss Katie and I've been in the childcare field for 25 plus years now. This field has deeply influenced me both personally and professionally. Inspired by a high school class, I developed a passion for working with children and I value the strong relationships built along the way. Our work place is fun to work at because I see it as having a close knit family like environment and I take pride in helping my fellow coworkers. Thank you for allowing me to be a part of your child's early life. I love watching children grow and change and learn new things daily.

### Educational Experience

Through the years I have taken the following courses:

Into to The Childcare Profession

Skills and Strategies for The Childcare Teacher

Fundamentals of Infant and Toddler Care

WMELS- Wisconsin Model Early Learning Standards

Infant Toddler Credential

First Day at OCC

February 24, 2003
