

# Meet the TEACHER

## About Me

My name is Ms. Kya, and I am a floater at Ozaukee Child Care and Preschool. I absolutely love watching children grow into their own unique personalities and helping guide their minds as they explore and learn. Every day brings something new and exciting, and I enjoy being part of those little moments—laughs, discoveries, and milestones—that make early childhood so special.

## Educational Experience

I graduated from Eastbrook Academy in 2020. My childcare journey began through church summer camps and working in my church nursery. Seeing the joy, smiles, and curiosity in children inspired me to continue pursuing this path. Eventually, I joined Ozaukee Child Care and Preschool, where I truly found my calling and passion for working with young children.

Since then, I've gained experience in every classroom, learning from each age group and growing as an educator. I am committed to keeping every child safe, supported, and encouraged as they explore, learn, and grow. Being part of their early experiences is both an honor and a privilege that I never take for granted.

## First Day at OCC
