### About Me

Hello! My name is Ms. Michelle and I have been at OCC for 25 years. I have been working in child care since I was 18. My favorite ages are 2.5-5 years of age. I love watching the children in to little individuals. My favorite thing about teaching at OCC is the community. The parents' involvement through events and daily interactions builds wonderful relationships and a great environment for all!

### Educational Experience

I have my degree in Early Childhood Education. I am certified to teach preschool through 6<sup>th</sup> grade. I also have a minor in literacy which I enjoy using to get the children excited to spell and read. I have over 10 years in childcare and have taught Pre-K in the past as well as multiple years predominantly with 3 year olds.
